

My name is Jesse Edward and I want to be your Students Union President. I really want to make a difference to life at Gower College Swansea. I have lots of ideas. I am very dedicated to making things happen. I have lived in different countries and met people from all sorts of backgrounds. This has taught me how to talk to anyone and understand what they need. I think this is very important for someone who wants to represent students. I am easy to talk to I listen to what people say and I care about what students need. I decided to stand for this job because I talked to our President, Rose. She has done a job and shown me what a big difference this role can make. I want to build on what she has done and make it even better. If you elect me I will organize lots of events that students can enjoy. These will include events, sports days, social nights and workshops where you can be creative. I want to make sure there is something for everyone. I will also start clubs and groups that give students a chance to get involved in things they like.. I will make sure that students can easily tell us what they think and what they want. I think college should be about more than going to classes. It should be a place where you feel like you belong. Lots of students have said they want things to do but they have not been available. I want to change this. I am good at talking to people I am enthusiastic. I am committed to representing every student at Gower College Swansea. Thank you for reading what I have to say. If you want a President who will listen to you take action and get things done then I am your person.
